Daytona Beach International Airport
Parking Rules and Permit Application 2015

The Daytona Beach International Airport (DAB) endeavors to provide safe, convenient parking for all employees. However, all employees park at their own risk. By the employee's signature below, he or she hereby releases DAB / County of Volusia from any and all causes of action for any type of personal injury, loss, or property damage to the employee's vehicle while it is parked on DAB property.

Parking lots are assigned to specific employee groups and some employees have assigned spaces. DAB "E" and "W" decals are issued only to those employees whose physical work location is the Daytona Beach International Airport, and these permits may not be issued to those who travel through DAB for work (ie flight crews).
Parking requirements may be changed without notice in order to comply with security directives.
Repeat offenders will not be warned before towing or loss of parking privileges occurs. Parking privileges will be revoked for non-compliance. *Park only in the lot you have been permitted for.*

DAB Parking Permits are issued on a yearly basis. **Decals MUST be affixed directly to the inside, lower left corner of the vehicle's windshield and the *previous year's parking permit must be removed*. Parking decals are non-transferrable, and may only be used for the one vehicle to which they are assigned.** The first parking permit per employee is issued free of charge; however, each additional permit costs **$6.00**. Cash, credit cards and debit cards are acceptable forms of payment; no checks. Employees are required to update information (i.e. vehicle sold, new license plate) within thirty (30) days. Employees not adhering to DAB parking requirements are subject to enforcement procedures which may include towing and revocation of parking privileges. Employees should notify DAB when no longer employed and remove the permit.

EAST EMPLOYEE PARKING AREA (E – DECAL)
All vehicles with current DAB Parking Permits for any area are permitted and must be parked within the marked spaces.

WEST PARKING AREA (W – DECAL)
Parking in the west lot (gated area) is assigned by company/organization and ***only*** those authorized by such company/ organization may use the allocated spaces for the company/ organization. Parking in the spaces of another company/ organization is prohibited. Vehicles with the west lot decal are authorized to use the east employee lot as well. If you are assigned to another lot, do not park in the west lot.
